

Robotics Tech Camp at LEGOLAND® California

Three sessions for you to choose from:
Session 1 - July 12, 2010 - July 16, 2010
Session 2 - July 19, 2010 - July 23, 2010
Session 3 - July 26, 2010 - July 30, 2010

Placerita Tech invites you to join us at our newest camp. This one week Robotics camp will take place at LEGOLAND® California from 9:30 am to 5:00 pm. Participants will learn how to build and program the Mindstorms NXT robot, participate in a robotics mini-competition and have the opportunities to explore LEGOLAND® California, SEA LIFE™ Aquarium and the new LEGOLAND® Waterpark.

Robotics camp allows rising students, ages 9 to 14 years old, to design, build and program robots using the LEGO® MINDSTORMS robotics kits under the direction of a dedicated staff. Student groups, comprised of 6 students, 1 counselor and 2 robots, will use their imagination to program and solve challenging problems. Students will also learn valuable skills, such as team building, time management, and presentation skills. This is a great camp for individuals interested in participating in a FIRST LEGO® League team.

On Friday of each week, students will end with a Lego Mindstorms competition. Discounted admission coupons to LEGOLAND® will be provided for families to come and watch the camp competition beginning at 2:30 pm.

The cost of this camp is \$275 which includes daily park admission, cost of materials and a camp T-shirt. Campers must bring a sack lunch with them everyday. Campers should also bring money for snacks while out in the park.

This camp has a maximum capacity of 36 students per week.

Sample Daily Schedule for Monday thru Thursday:

9:30 AM	Campers Dropped off at LEGOLAND®
9:45 AM	Bot Talk with Camp Group
10:00 AM	Camp Activities
12:00 PM	Lunch Break
12:30 PM	Camp Activities
